

WEEK ONE

PRODUCT RESEARCH

Week One Product

Research

This week you will learn how to:

Learn the process to come up with endless private label product ideas

Do keyword research like a pro

Analyze the competition

Vet your new product idea

Narrow down your list of PL product ideas to a few potential products

Course Outline

Private Label Product Research

Contacting
Suppliers &
Getting Samples

Validating Your Product with Samples

Negotiating Your First Order

Creating &
Optimizing Your
Amazon Listing

Launch Strategies and Ranking Organically

Making Sales with Sponsored Ads

Getting Traffic Outside of Amazon

What's the difference?

What approach should I take?

Passions vs. Boredom

Sub-cultures

Step 1:Brainstorming

Step 2:Restrictions

Step 3:Market
Analysis

Step 4:Keyword
Velocity

Step 5:Market
Intelligence

Step 6: Stress Test Recap

Step 7:Sourcing on Alibaba

Step 8:
Product Research
Workbook

STEP 1:

Brainstorming

Amazon's Best Seller's List - https://www.amazon.com/Best-Sellers/zgbs

Amazon's Movers & Shakers List - https://www.amazon.com/gp/movers-and-shakers

STEP 1:

Brainstorming

Cont.

Expand keywords using the following tools:

Step 1:Brainstorming

Step 2: Restrictions

Step 3:Market
Analysis

Step 4:Keyword
Velocity

Step 5:Market
Intelligence

Step 6: Stress Test Recap

Step 7:Sourcing on Alibaba

Step 8:
Product Research
Workbook

STEP 2:

Restrictions

Expand keywords using the following tools:

Ensure you are able to sell the product

 Find similar ASIN to the product you want to source and check restrictions within your Amazon dashboard

Patent Check

https://www.uspto.gov

Compliance Check

- Product regulations
- Product & testing certifications

Step 1:Brainstorming

Step 2: Restrictions

Step 3: Market Analysis

Step 4:Keyword
Velocity

Step 5:Market
Intelligence

Step 6: Stress Test Recap

Step 7:Sourcing on Alibaba

Step 8:
Product Research
Workbook

STEP 3:

Market Analysis

- Amazon search results
 - No more than 4 competitors with over 100 reviews
 - No less than 2 listings for competing product
 - Are competitors also private label sellers?

Use Jungle Scout chrome extension to estimate sales data of competitors

 Minimum of \$5k in revenue per month average of top listings

Step 1:Brainstorming

Step 2: Restrictions

Step 3: Market Analysis

Step 4:Keyword
Velocity

Step 5:Market
Intelligence

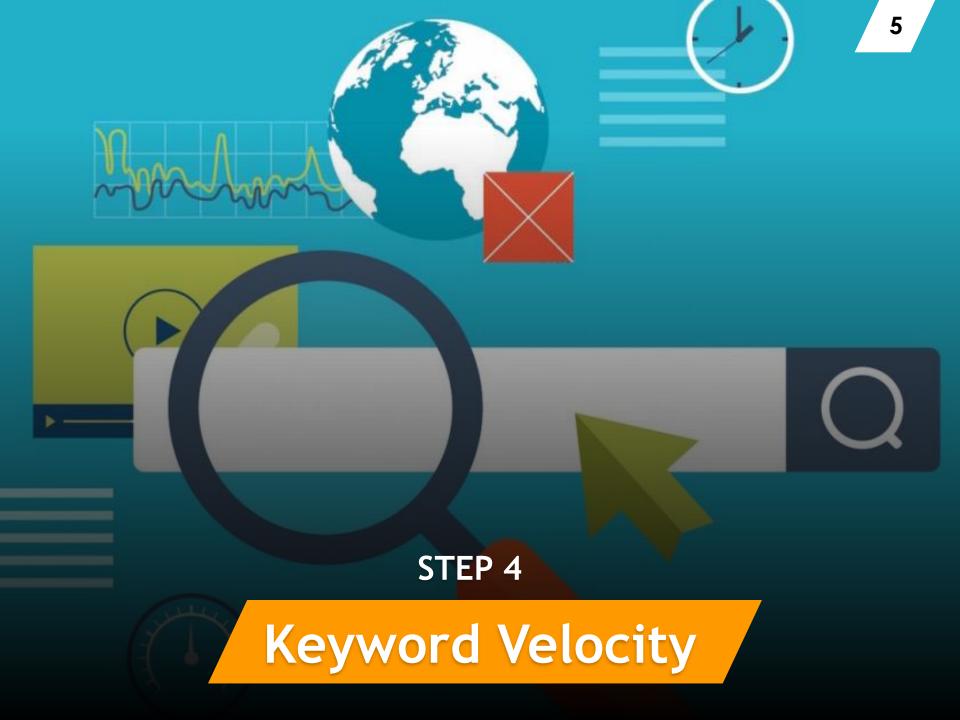

Step 6: Stress Test Recap

Step 7:Sourcing on Alibaba

Step 8:
Product Research
Workbook

STEP 4:

Keyword Velocity

Expand keywords using the following tools:

Use Merchant Words to uncover additional related keywords

 Minimum of 3 main keywords to target

Estimate the total sum of searches for your product

 (Look for products with >30,000 search volume)

Cross-check search volume estimates with Google Keyword Planner

Step 1:Brainstorming

Step 2: Restrictions

Step 3: Market Analysis

Step 4:Keyword
Velocity

Step 5:Market
Intelligence

Step 6: Stress Test Recap

Step 7:Sourcing on Alibaba

Step 8:
Product Research
Workbook

STEP 5:

Market Intelligence

Extract additional data on your potential product

- Top Sellers
- Market Trends
- Viral Launch Analysis
- Cost Estimates (later)

- Product Idea Score, 4 stars or better?
 - If no, go back to Step 1
 - If yes, proceed to next step

Step 1:Brainstorming

Step 2: Restrictions

Step 3: Market Analysis

Step 4:Keyword
Velocity

Step 5:Market
Intelligence

Step 6: Stress Test Recap

Step 7:Sourcing on Alibaba

Step 8:
Product Research
Workbook

STEP 6:

Stress Test Recap

Can I sell this product / category?

Are there any patents or special certifications required?

Are there more than 4 competitors with over 100 reviews?

Is it too saturated?

Are there more than 2 sellers selling this item?

- Is there demand for this product?
- Are the top sellers generating a minimum of \$5k in revenue per month?

Are the sum of related keywords searched more than 10,000 times per month?

How many star ratings does MI data show?

Step 1:Brainstorming

Step 2: Restrictions

Step 3:Market
Analysis

Step 4:Keyword
Velocity

Step 5:Market
Intelligence

Step 6: Stress Test Recap

Step 8:
Product Research
Workbook

STEP 7:

Sourcing on Alibaba 62

Expand keywords using the following tools:

- Industrial zones
 - Actual manufacturer or sourcing agent?

- Trade Assurance
 - Extra layer of security for overseas buyers (US!)
 - Buyer can get refund if serious delay in shipping or product specifications are vastly different than what contract states

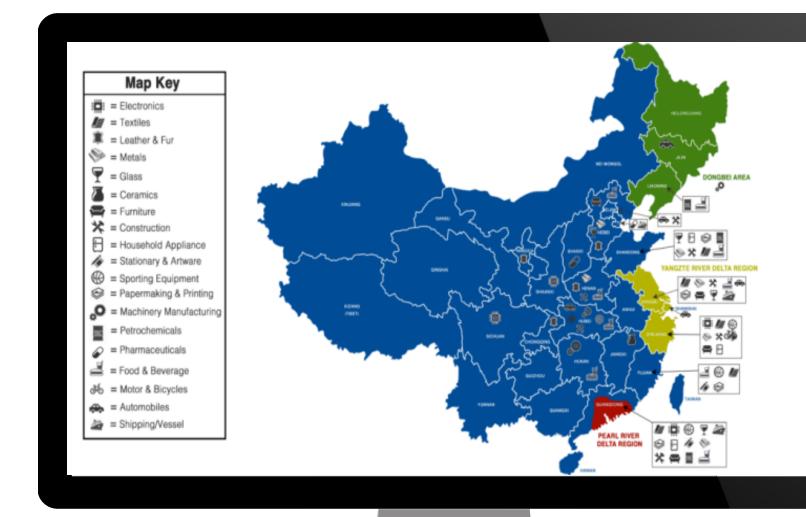

Estimate cost & MOQs

STEP 8:

Product Research Workbook

Two parts to Product Research Workbook:

Phase 1

• Preliminary research and general estimates

Phase 2

- Get more accurate data by completing Amazon's fees, shipping costs & duties
- Narrow down list to 5 products you want to source that have Profit Margin >33%

Weekly Action Items

Find a minimum of 30 products to add to the Excel spreadsheet

Narrow down results and input estimated costs and profit potential

Have 5 products with at least 33% margin after Amazon's fees, shipping & duties
