ANALYSIS

Aaron Rodgers is the best Madden 16 Quarterback based on his overall Rating (99).

1. Awareness only impacts CPU-controlled players and for QBs this affects pass trajectory, ability to throw a ball away, reaction to pocket pressure, and more. With an Awareness (95) in the top 10% of Quarterbacks, Rodgers is going to dominate in these areas, but if he's user-controlled this stat isn't going to matter.
2. Aaron Rodgers has great Passing skills, but make sure you don't run with the ball with him: his Acceleration (81), Agility (83), and Speed (75) are all below average among QBs.
3. He is good at throwing long bombs with higher than average Throw Power (95) and Deep Throwing Accuracy (80) among all QBs.
4. With a Play Action value of 93, Rodgers is in the top 10% among QBs when it comes to faking the run, so expect the defense to fall hard for the fake.
5. With a high Carrying stat (67) among Quarterbacks, he's not likely to drop the ball.
